

# Cleaners and Degreasers

# All Purpose Cleaners

## Blue-J Formula Neutral Cleaner

- An all purpose, pH neutral detergent.
- Cleans thoroughly and easily without rinsing.
- Fast-acting surfactants suspend soils.
- Cleans all surfaces, including glass.
- Formulated for use on floors without softening or harming floor finishes.
- Authorized by the USDA for use in federally inspected food processing plants.
- Use dilution: 1-4 oz./gal.
- 4 gallons/case.

## PC 101 Neutral & Glass Cleaner

- Same as Blue-J in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:300 or 1:200 dilution.
- 4 half-gallon cartridges/case. Makes up to 600 gallons of ready-to-use solution per case.

## Winterclean & Neutralizer

- Specially formulated, neutralizing floor cleaner.
- Removes "white" residues from harmful and unsightly de-icing salts.
- Built-in detergent fortifiers remove winter grime without damaging finish.
- Neutralizes stripped floors before applying finish.
- Use dilution: 4 oz./gal.
- 4 gallons/case.

## PC 117 Winterclean

- Same as Winterclean in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:300 dilution.
- 4 half-gallon cartridges/case. Makes 600 gallons of ready-to-use solution per case.

## Sprazol

- A highly-concentrated, heavy duty cleaner/degreaser.
- Contains corrosion inhibitors.
- Use at different dilutions for various cleaning tasks.
- Use dilution: 1-8 oz./gal. or 1:40.
- 4 gallons/case and super concentrated 12 quarts/case.

## Oxy-D

- Combines highly efficient surfactants with hydrogen peroxide.
- A non-hazardous, versatile cleaner for almost any type of soil or stain.
- Use dilution: ½-2 oz./gal.
- 4 half-gallon tip 'n pour containers per case.

## 3R's

- Specially formulated as a "concentrated suds" cleaner for general mopping or use with floor scrubbing equipment.
- Safe for use on all hard surfaces when diluted as directed.
- Easily removes deeply embedded dirt leaving surface clean and film-free.
- Use dilution: 2-10 oz./gal.
- 4 gallons/case.

## Arkomatic

- A synthetic detergent fortified with glycol ether.
- Fast-acting, efficient, and economical to use.
- Specially developed for general cleaning of floors and other hard surfaces. Especially suitable for use with floor cleaning equipment and machinery.
- Authorized by the USDA for use in federally inspected food processing plants.
- Use dilution: 1-8 oz./gal.
- 4 gallons/case.

All cleaners are biodegradable and phosphate free.

## E-PROMISE

Stetson cleaners and degreasers are:

Economical,

Efficient, and

Environmentally preferable

# Specialty Cleaners

## Vision

- Premium glass cleaner leaves glass, mirrors and other hard surfaces clean and streak-free.
- Alcohol-free, non-freezing and quick-drying.
- Authorized by the USDA for federally inspected food processing plants.
- Available ready-to-use in 12 quarts/case and 4 gallons/case, and as super concentrate in 12 quarts/case, diluting at 1:40.

## PC 102 Glass & Multisurface Cleaner

- Same as Vision in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:300 or 1:200 dilution.
- 4 half-gallon cartridges/case. Makes up to 600 gallons of ready-to-use solution per case.

## Clean 'n Wipe

- Heavy duty, all-purpose, non-abrasive ready-to-use cleaner
- Cleans instantly without rinsing, will not leave a gritty residue.
- Removes dirt, grease and oil from many surfaces and fabrics.
- Not recommended for soft vinyl, varnish or aluminum surfaces.
- 12 quarts/case and 4 gallons/case.

All  
cleaners are  
butyl  
cellosolve  
free.

## PC 108 Spray & Wipe Cleaner

- All purpose, non-abrasive cleaner.
- Removes dirt and grease from most surfaces.
- Cleans instantly without rinsing and leaves no residue.
- Dispenses automatically at 1:48 dilution.
- 4 half-gallon cartridges/case. Makes 96 gallons of ready-to-use solution per case.

## Problem Solver

- Natural and multi-purpose. Used to unclog and deodorize drains and grease traps, treat sewage systems, and clean problem areas.
- Dissolves oil, grease and grime on contact.
- Contains no acids, alkalis or petroleum solvents.
- 4 gallons/case. Use full strength or dilute as needed.

# Industrial Cleaners and Degreasers

## Citrosolve

- Citrus-based, all-purpose cleaner and degreaser.
- The superb cleaning action of this product is provided without the use of acids, alkalis or petroleum solvents to promote environmental safety.
- For use on most hard surfaces for heavy duty cleaning and degreasing.
- Authorized by the USDA for federally inspected food processing plants.
- Use dilution: ½-5 oz./gal.
- 4 gallons/case and 55-gallon drums.

## PC 106 Citrus APC & Degreaser

- Same as Citrosolve in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:256 or 1:64 dilution.
- 4 half-gallon cartridges/case. Makes up to 512 gallons of ready-to-use solution per case.

## Grease Tamer

- Heavy duty detergent for food and meat preparation areas.
- Removes multiple layers of grease and animal fats from hard surfaces.
- Authorized by the USDA for federally inspected food processing plants.
- Available ready-to-use in 12 quarts/case and as concentrate in 4 gallons/case, diluting at 1:40.

## Stetcosolve

- A fast-acting, efficient and economical, low suds cleaner.
- Organic and inorganic sequestering agents, and a soil suspending agent works on many kinds of stains and dirt.
- Rust inhibited for metal cleaning.
- Not for use on polished aluminum magnesium or finished surfaces.
- Use dilution: 1-8 oz./gal.
- 4 gallons/case and 55-gallon drums.

## PC 107 Heavy Duty APC & Degreaser

- Same as Stetcosolve in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:64 or 1:200 dilution.
- 4 half-gallon cartridges/case. Makes up to 400 gallons of ready-to-use solution per case.

## Re-Mov-It Super Stripper & Degreaser

- Super-concentrated, fast-acting, efficient and economical.
- Easily removes multiple coats of hardened finish.
- For use on all resilient tile and ceramic flooring. Do not use on linoleum, rubber tile, wood or painted surfaces.
- An excellent all purpose, heavy-duty degreaser for walls, floors, kitchens, machinery, and many other hard surfaces.
- Use dilution: 1:64 to 1:3.
- 4 gallons/case, 5-gallon pails and 55-gallon drums.

## PC 118 EPS Stripper & Heavy Duty Degreaser

- Same as Re-Mov-It in a super concentrate.
- Also great for removing graffiti.
- Mix one quart to 3-5 gallons of cold water.
- Use dilution: 1:12 to 1:20, packaged 12 quarts/case. Makes up to 60 gallons of ready-to-use solution per case.

# Food Processing, Laundry and Vehicle Cleaners

## Capful

- A mild detergent for hand-washing pots, pans and dishes.
- Fortified with water conditioners and rinse-enhancing agents.
- Safe for aluminum, pewter, copper, brass, and other metals.
- Ideal for use in food prep, institutional kitchens, food processing plants.
- Use dilution: ½ oz./gal.
- 4 gallons/case.

## PC 104 Pot & Pan Detergent

- Same as Capful in a super concentrate for use with our Product Central Dispensing System.
- Dispenses automatically at 1:256 dilution.
- 4 half-gallon cartridges/case. Makes 512 gallons ready-to-use solution per case.

## Ark Oven Cleaner

- Remove baked-on grease and carbon char build-up in oven interiors, restores oven to original finish without harming porcelain.
- Contains anionic soap, detergent builders and grease dissolving solvents.
- 4 gallons/case.

## Ark Freezer Cleaner

- Cleans cold storage areas and outdoor utilities in cold weather conditions, in temperatures as low as -20°F.
- Grease and debris are loosened and quickly removed from frozen, soiled surfaces, no rinsing necessary.
- Authorized by the USDA for federally inspected food processing plants.
- Use dilution: 1:2 to ready to use.
- 4 gallons/case and 55-gallon drum.

## Stetco Liquid Laundry Detergent

- Effective, economical, and highly concentrated, liquid laundry detergent. Compatible with bleach and other laundry aids.
- Cleans stubborn stains and odors. Contains brighteners to keep clothes and linen looking new.
- Softens while it cleans. Leaves a fresh clean fragrance.
- Use dilution: ½ cup per 8 lb. load.
- 4 gallons/case.

## Ark Car n' Truck Cleaner

- Removes heavy grease, soil, and tar spots from motor vehicles.
- Formulated with anti-corrosion inhibitors for safe use on painted and aluminum surfaces. Can also be used on glass and mirrors.
- Use dilution: 1-12 oz./gal.
- 4 gallons/case and 55-gallon drum.

## Slip Stream

- Fast-acting, concentrated cleaner formulated specifically for airframes.
- Unique, anti-corrosion formula safe for painted surfaces and exposed metal parts.
- Leaves airframe clean, sleek, and ready for take-off.
- Use dilution: ½ -6 oz./gal.
- 4 gallons/case and 55-gallon drum.

# Process Cleaners and Degreasers

## Soak or Sonic Process Detergent

- An extra strength, biodegradable, heavy-duty degreaser.
- Contains no "butyl" or petroleum solvents and is especially effective for use in hot-tank, dip and ultrasonic wash systems.
- Excellent for ferrous and non-ferrous metals, including aluminum.
- Recommended use dilution is 5-10%.
- 4 gallons/case and 55-gallon drum.

## Spray Wash 2000

- Biodegradable detergent for spray wash degreasing applications.
- Specifically formulated to remove coolant residues and oily soils.
- An effective rust inhibitor protects both steel and aluminum.
- Low foam at use dilution and temperatures of 130°F to 150°F.
- Recommended use dilution is 3-5%.
- 4 gallons/case and 55-gallon drum.

## Waterless Cleaner

- A special blend of highly refined hydrocarbon solvents.
- Designed for soak tanks, cleaning tools, floors and equipment.
- Easily removes dust, oil and greasy soils from hard surfaces.
- Ready to use, and dries quickly with no residue.
- 4 gallons/case and 55-gallon drum.

The Product Central Dispensing System features two unique compact units that safely and accurately dispense a full line of cleaning chemicals. Please see separate information.

*Safe and accurate dispensing every time.*
