

Disinfectants and Restroom Cleaners

Disinfectants and Deodorants

PC 103: HBV DISINFECTANT 256

For use with the Product Central Dispensing System. A one-step cleaner/disinfectant/sanitizer/fungicide/mildewstat/virucide. Effective against HIV, AIDS and Hepatitis B. Use on nonfood contact areas in schools, colleges, hospitals, nursing homes, veterinary clinics, animal life science laboratories, and hotels. Specially formulated to be nondulling to floor finish. EPA Registered. Meets requirements of GS-37 and is designated an environmentally preferable product by the Commonwealth of Massachusetts. Dispenses automatically at 1:256 dilution.
4 half-gallon cartridges/case or in bulk 4 gallons/case.

STETCO LIQUID SPRAY DISINFECTANT

This powerful, ready-to-use, broad spectrum, tuberculocidal disinfectant/deodorant acts quickly on germ laden surfaces to reduce the hazard of cross-infection by bacteria. Controls mildew and odors. EPA Registered.
12 quarts/case.

PC 105: SANITIZER

For use in the Product Central Dispensing System. An extremely effective sanitizer and deodorizer. Use on all hard surfaces, including floors, walls, furniture, fixtures, equipment, utensils, dish and glassware. Highly recommended for use as a final sanitizing rinse on food handling equipment and authorized for this use by the USDA. No rinse required. Dispenses

automatically at 1:512 dilution.
4 half-gallon cartridges/case.

FIBERMASTER™ SANITIZING SHAMPOO

A low-foaming, carpet shampoo formulated for use with extraction and carpet steam cleaning equipment. Contains "twin chain" quaternary ammonium compounds to reduce the gram-negative and gram-positive odor forming bacteria. Fortified with odor counteractants to neutralize malodors. Use dilution: 2-16 ounces per gallon of water. EPA Registered.
4 gallons/case.

PC 111: ODOR COUNTERACTANT

For use in the Product Central Dispensing System. A highly concentrated, liquid deodorant and odor counteractant. Filters out bad odors, replacing them with a pleasant fresh scent. Use as a deodorizer to freshen air, upholstery or drapes, and as an additive in cleaning solutions. Effectively removes odors caused by food, smoke, vomit, urine, pets and mildew. A nontoxic and nonstaining formula. Floral scented. Dispenses automatically at 1:256 dilution.
4 half-gallon cartridges/case.

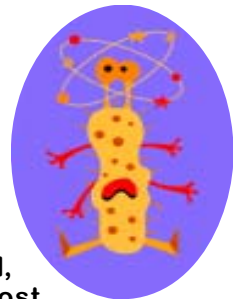

At M.D. Stetson, we realize that clean and sanitary surfaces are very important to our customers. That's why we offer so many products that disinfect and deodorize, as well as clean. Let us help choose the product that's right for you.

PC 100: MULTI-USE DISINFECTANT

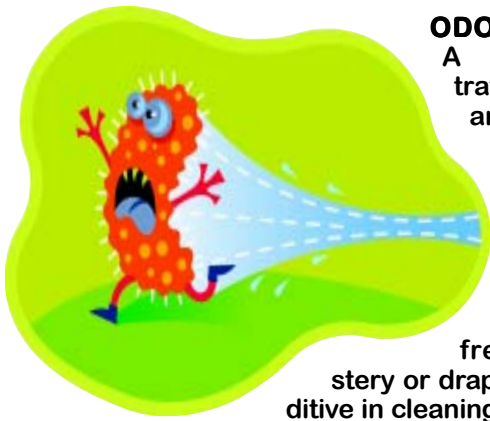

For use with the Product Central Dispensing System. A multipurpose, neutral pH, germicidal detergent and deodorant. Disinfects, cleans, and deodorizes in one labor-saving step. For use on all hard surfaces, including glass. Recommended for use in healthcare, education, industrial, commercial and household environments, as well as animal handling facilities and federally inspected meat and poultry plants. EPA Registered. Dispenses automatically at 1:256 dilution.
4 half-gallon cartridges/case.

FRESH MINT DISINFECTANT

Cleans, disinfects and deodorizes. Effective against a wide variety of gram-negative and gram-positive bacteria. Noncorrosive and nonstaining to plastic, vinyl, synthetics, enamel, tile and most common metals. Disinfects at 5 oz. per gallon of water. EPA Registered.
4 gallons/case.

PLEASE NOTE: Disinfectants are only effective if used properly. This includes precleaning the area and allowing the appropriate dwell time. Disinfectants should not be misted into the air without proper respiratory equipment. Always apply using a stream, not a mist.

ODOR EXIT

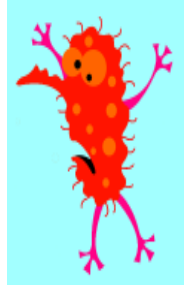

A highly concentrated, liquid deodorant and odor counteractant. Filters out bad odors, replacing them with a pleasant fresh scent. Use as a deodorizer to freshen air, upholstery or drapes, and as an additive in cleaning solutions. Effectively removes odors caused by food, smoke, vomit, urine, pets and mildew. A nontoxic and nonstaining formula. Spring green fragrance. Use dilution: 1-4 ounces. *4 gallons/case.*

Effectively removes odors caused by food, smoke, vomit, urine, pets and mildew. A nontoxic and nonstaining formula. Spring green fragrance. Use dilution: 1-4 ounces.

4 gallons/case.

STETCO MINT ODOR DISINFECTANT-CLEANER

For general disinfection of hard, nonporous surfaces. Shows broad spectrum bactericidal activity. Recommended for institutional use. An excellent deodorant, especially effective in controlling odors that are bacterial in origin. Disinfects at 2 ounces per gallon of water. Noncorrosive and nonstaining to most surfaces. EPA Registered. *4 gallons/case.*

ARK HY-DIS

A heavy-duty, industrial, "one-step" cleaner and disinfectant. Leaves surface clean and free of bacterial contamination. Used as directed, Ark Hy-Dis is recommended for institutional use on nonfood contact surfaces. Disinfects at 6 ounces per gallon of water. EPA Registered. *4 gallons/case.*

Restroom Cleaners

CODE: GREEN LAV-SAFE

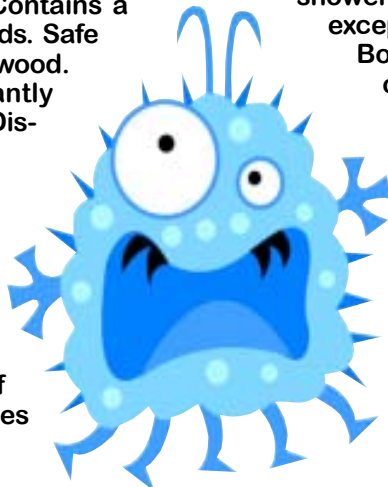

A safe-to-use, highly effective, citrus-based tile and bowl cleaner. Provides superb cleaning action without the use of acids, alkalis or petroleum solvents. Designed for use on enamel, porcelain, tile and metal fixtures. Clings to vertical surfaces for maximum cleaning action. Also useful as a deodorizer to eliminate noxious odors. Meets the requirements of GS-37 and is designated an environmentally preferable product by the Commonwealth of Massachusetts. Ready-to-use. *12 quarts/case or 4 gallons/case.*

PC 115: MILD ACID DISINFECTANT RESTROOM & SHOWER CLEANER

For use with the Product Central Dispensing System. Cleans and deodorizes. Removes rust stains, heavy soap film, lime, and algae deposits. Contains a combination of surfactants and mild acids. Safe for use on all bathroom fixtures, except wood. Nonfuming and noncorrosive. Pleasantly scented. Clings to vertical surfaces. Dispenses automatically at 1:48 dilution. *4 half-gallon cartridges/case.*

STETCO LAV-SAN

An abrasive scouring bacteriostatic creme cleaner. Ready-to-use. Cleans and brightens porcelain, tile, enamel and metal. Quickly and easily removes stains, grease, soap scum and scuff marks from a variety of surfaces. Leaves surface clean, sanitary and odor-free. *12 quarts/case.*

LAV-CIDE BOWL & ALL PURPOSE CLEANER

A non-acid disinfectant and all purpose cleaner. Use as a bowl cleaner or add a trigger sprayer for disinfecting. Lav-Cide can be used to disinfect against TB (*Mycobacterium tuberculosis*) in institutions which must comply with the OSHA Bloodborne Pathogen Rule. Also use to kill HIV-1 virus (AIDS) on inanimate hard surfaces. Lav-Cide contains no alcohol, has no VOC and is non-flammable. EPA Registered. *12 quarts/case.*

Lav-Cide contains no alcohol, has no VOC and is non-flammable. EPA Registered. *12 quarts/case.*

PC 116: NON-ACID RESTROOM & SHOWER CLEANER

For use in the Product Central Dispensing System. A highly-effective bowl cleaner formulated for use in restrooms and shower rooms. Safe for use on all bathroom fixtures, except wood. Removes soap build-up. Non-Acid Bowl Cleaner is a noncorrosive cleaner and deodorizer that leaves a pleasant scent after use. Dispenses automatically at 1:48 dilution. *4 half-gallon cartridges/case.*

STETCO TILE AND BOWL CLEANER

Removes rust stains, heavy soap film, lime, and algae deposits. Contains a combination of surfactants and mild acids. Safe for use on all bathroom fixtures, except wood. Nonfuming and noncorrosive. Pleasantly scented. Clings to vertical surfaces. Cleans and deodorizes. *12 quarts/case or 4 gallons/case.*

Clean and well-maintained restrooms, locker rooms and other personal hygiene areas are vital to public health.

Hand and Body Soaps
