M.D. Stetson Company

INDUSTRIAL AND COMMERCIAL EQUIPMENT

M.D. STETSON'S INDUSTRIAL AND COMMERCIAL EQUIPMENT DIVISION OFFERS *ON-SITE OR IN-HOUSE SALES, SUPPORT AND SERVICE ON ALL TYPES, MAKES AND MODELS OF CLEANING EQUIPMENT.*

SALES

The professionals at M.D. Stetson are constantly searching for new and innovative products for our customers. Our equipment products range from industrial powered ride-on sweepers and scrubbers to all types of commercial cleaning equipment. Our knowledgeable sales representatives will evaluate your facility and help assess the best equipment for your needs.

SALES SUPPORT

At Stetson we understand that purchasing equipment is a major investment. That's why we make it our responsibility to offer expert sales support to assist you in making the right choice. We strive to provide our customers with the best equipment for the best long-term value.

We are proud to offer our customers:

- **Needs analysis** - customized programs assist in comparing different equipment options and all associated costs, including labor.
- **Program design** - workloading and quality assurance programs to determine the best use of labor and equipment for your facility.
- **Operator training** - Our "Catch the Training" program offers in-service training and training aids to assure proper operator use.
- **Financing** options including various lease programs
- **All equipment** is available for demonstrations

SERVICE

M.D. Stetson offers our customers the benefit of either on-site or in-house service on all the equipment we sell. Our mobile, factory-trained service technicians repair battery and powered equipment such as burnishers, autoscrubbers and ride-on sweepers and scrubbers at your location. At Stetson's state-of-the-art repair facility, technicians repair all types of battery-operated, electric, propane, mechanical and powered cleaning equipment.

PREVENTIVE MAINTENANCE PROGRAM

- In-house or on-site
- Largest parts inventory in New England
- Repairs on all types, makes and models

Our Preventative Maintenance Program offers peace of mind when it comes to your cleaning equipment.

This program keeps battery and powered equipment in top-functioning condition at all times. Under the Preventative Maintenance Program, a skilled technician will provide maintenance to specified equipment on a regularly scheduled basis at a reduced rate. This service agreement also guarantees a reduced rate on all road service maintenance required on the specified machines, including emergency repairs not regularly scheduled. The goal of our preventive maintenance is to keep your equipment in excellent operating condition and to prevent down time caused by the premature wearing of parts.
