

PRODUCT CENTRAL

121 Pro-Zyme TECHNICAL DATA

◆ APC ◆ ODOR CONTROL ◆ WASTE DEGRADER ◆

Product Central 121 PRO-ZYME is a live bacteria emulsion which attacks grease, fats, proteins and carbohydrates, breaking down uric acid molecules quickly while digesting the source of odors with no environmental impact. Liquefies and cleans organic waste, paper, grease, fat and other wastes from drains, pipes and grease traps. Restores normal biological activity to septic tanks and sewage treatment plants. Add to recreational vehicle and marine holding tanks, port a-toilets and outhouses to deodorize and aid in digestion. Also effective for odor control, carpet spotting and general hard surface cleaning.

CAUTION: Keep out of reach of children. Harmful if swallowed. May cause eye irritation.

PRECAUCIÓN: Mantenga fuera del alcance de los niños. Nocivo si es ingerido. Puede causar irritación de los ojos.

FIRST AID: In case of eye contact, rinse thoroughly with water. If irritation persists, see a physician.

PRIMEROS AUXILIOS: En caso de contacto con los ojos enjuague completamente con agua. Si irritación persiste consulte a su doctor.

Yield/Cartridge Hi-Flow	320 gallons
Yield/Cartridge Lo-Flow	12 gallons
Color	Milky
Odor	Light Floral
Weight per gallon	8.50
pH	7.5 - 8.0
Packaging	½ gallon cartridge
Shelf life	1 year

SAFETY PRECAUTIONS: Wear protective gloves and safety goggles when handling this or any other cleaning product.

INTEGRATED SYSTEM

Use the Product Central chemical cartridges with the

- Express Wall Mount Dispenser
- Express Portable Dispenser

User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage

DIRECTIONS FOR USE

LOW FLOW DISPENSING:

ODOR CONTROL

Pre-clean organic matter (vomit, feces, etc.) from soiled surfaces. Spray full strength PRO-ZYME directly onto surfaces where odors are a problem. Spray around areas where odors originate. Agitate, if necessary. Reapply mixture and allow surface to remain moist for at least 15 minutes.

Carpet and upholstery: Spray PRO-ZYME directly onto carpet, upholstery, and fabric to eliminate smoke and perspiration odors.

Garbage Collection Areas: To eliminate foul odors in garbage collection areas and on loading docks, spray PRO-ZYME directly into dumpsters and on surfaces where decaying or rotting food particles collect.

Restrooms: To control odors in public restrooms, spray PRO-ZYME around urinals and toilets to eliminate urine odors.

Locker Rooms and Fitness Facilities: To eliminate perspiration odors in fitness facilities, spray PRO-ZYME directly onto sports equipment and in areas where odors linger such as locker rooms, steam rooms, and around urinals and toilets.

GENERAL PURPOSE HARD SURFACE CLEANING

Spray full strength PRO-ZYME directly onto the surface to be cleaned. Wipe with a clean cloth.

SPOT REMOVAL ON CARPET

Test carpet or fabric for color-fastness in an area that does not show. Remove excess solids or liquid. Saturate the stain with PRO-ZYME and allow 2 - 3 minutes dwell time. Blot with a clean, absorbent cloth. For more difficult stains, scrub gently with a brush. Repeat as necessary.

LAUNDRY PRE-SPOTTER

Apply full strength PRO-ZYME to soiled areas prior to washing.

CLEAN AND TREAT WASTES FROM DRAINS, PIPES AND GREASE TRAPS

For initial Treatment: 1qt. (32 oz.). Add PRO-ZYME to opening closest to trap prior to its longest non-use period. (Large traps may require additional amounts.) Pour 4 to 8 oz. directly into floor or sink drains, twice per week. For grease traps, 20 cubic feet capacity, pour 8 oz. into drain daily. Time application for when drains are least used. For septic tanks, use 16 oz. for initial treatment then 8 oz. per week thereafter.

Large Grease Traps: 200 gallon traps use 10 oz. per day, 500-1500 gallon traps use 18-20 oz. per day, 1500+ gallon traps use 32-40 oz. per day.

Bathtubs, Showers, Sinks: Add 4 oz. of PRO-ZYME twice weekly to drains. Vary amount and frequency according to usage and size of drain.

Garbage Disposal: Add 2 oz. of PRO-ZYME weekly for digestion and deodorizing.

HIGH FLOW DISPENSING:

FLOOR CLEANING

Directly fill equipment from the dispenser. Apply with mop, spray or high pressure washer. Mop/scrub as needed.

CARPET CLEANING

Test carpet or fabric for color-fastness in an area that does not show. Directly fill equipment from the dispenser. For deep penetration of carpets and upholstery, apply with hypodermic type injector/applicator.
